

ConAgra Brands - Arkansas

RUSSELLVILLE, AR

VALUE DELIVERED

Food Tech provided innovative food process and cold storage construction solutions for ConAgra Brands—including a central ammonia refrigeration system and mechanical spiral freezers.

Throughout the project, we also helped ensure that the completed plant was designed for compliance with the most rigorous United States Department of Agriculture (USDA) and Hazard Analysis and Critical Control Points (HACCP) standards.

CLIENT OBJECTIVES

ConAgra needed the latest in cold storage and food processing systems at their new Russellville, AR facility. Based on our design-build expertise, they chose Food Tech to help upgrade their plant.

SOLUTIONS

We delivered the following:

- Cutting-edge fry and bake process technology
- Storage freezers, coolers, and a refrigerated dock
- Mechanical spiral freezers
- Central ammonia refrigeration system
- USDA/HACCP compliant design engineering

CLIENT BACKGROUND

ConAgra Brands, Inc. makes and sells various packaged food products for sale in supermarkets, restaurants, and food service establishments.
